

USE OF COOKIES

“Website” (darton.it) uses cookies to make services simple and efficient for users who view the pages of darton.it. Users who visit the Site, will see in it minimum amount of information in the devices in use, either if they are computers and mobile devices, in small text files called “cookies” saved in the directories used by the user’s web browser. There are various types of cookies, some to make more effective the use of the Site, others to enable certain features.

Analyzing them in detail, our cookies allow to:

- Memorize the viewed visited preferences
- Avoid to re-enter the same information several times during the visit such as user name and password
- Analyze the use of services and content provided by darton.it to optimize browsing experience and the services offered.

TYPES OF COOKIES

Technical cookies

This type of cookie allows the proper functioning of certain sections of the Site. They’re of two categories: persistent and sessions.

- Persistent: once browser is closed, they’re not destroyed, but remain up to a present expiration date
- Session: They’re destroyed each time the browser is closed.

These cookies, always sent by our domain, are necessary to view the site correctly and in relation to the technical services offered, will therefore always be used and sent, unless the user doesn’t change the settings in your browser (thus disrupting the display of pages of the site).

Analytical cookies

Cookies in this category are used to collect information of the use of the site.

Darton.it will use this information in respect of anonymous statistical analysis in order to improve the use of the Site and to make the content more interesting and relevant to the wishes of users. This type of cookie collects anonymous data on the activity of users and how it arrived on the Site. Analytical cookies are sent from the site itself or from third-party domains.

Analysis cookies for third-party services

These cookies are used in order to collect information on the use of the site by users anonymously such as: visited pages, time spent, origin of traffic of origin, geographic origin, age , gender and interests for the purpose of marketing campaigns. These cookies are sent from third-party domains external to the Site.

Cookies to integrate products and functions of third-party software

This type of cookie integrates features developed by third parties within the pages of the Site such as icons and preferences expressed in social networks in order to share site content or for the use of third-party software services (such as software to generate maps and additional software that offer additional services). These cookies are sent from third-party domains and from partner sites that offer their functionality between the pages of the Site.

Profiling cookie

These cookies are necessary to create user profile in order to send advertising messages in line with the preferences expressed by the user within the pages of the Site.

Darton.it, according to current legislation, is not required to seek consent for cookies and technical analytics, as they're necessary to provide the required services.

For all other types of cookies, consent may be expressed by the User with one or more of the following methods:

- By specific configurations of the browser used or the related computer programs used to navigate the pages that make up the website.
- By changing settings in the use of third-party services.

Both of these solutions may prevent the user from using or viewing parts of the website.

Web sites and third-party services

The Site may contain links to other web sites that have their own privacy policy which may be different from that adopted by darton.it, and therefore not responsible for these sites.
